Representative Engagements

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
HEAVY INDUSTRIAL PROJECTS					
1. International Turnkey Contractor	State-owned Companies and Multiple International Contractors (German, French, Mexican)	Six Heavy Industrial Projects	Iran, Iraq, Indonesia, Venezuela, Zambia, Mexico	International Chamber of Commerce, Court of Arbitration; United States District Court for the Western District of Pennsylvania	Defended contractor for a period of approximately five years against claims exceeding \$500,000,000. All claims were successfully resolved with client receiving positive cash flow plus a major new contract. Involved all aspects of international turnkey contracting and dispute resolution: state-owned companies; proprietary licenses; consortium agreements; sureties; letters of credit; civil law; delays; foreign law, courts and counsel; mediation; technology issues; ICC rules and related matters.
2. Material Handling Systems Contractor	General Contractor	Construction of \$100,000,000 Cement Manufacturing Facility	Dallas, Texas	United States District Court for the Northern District of Texas	After unsuccessful settlement negotiations with the GC, successfully argued that the client was not bound to arbitration agreement between GC and Owner resulting in settlement of client's \$1 million claim for \$650,000. Prosecuted the balance of claim against client's insurance carrier and received by way of settlement an additional \$250,000 for a total recovery of \$900,000.
3. EPC Contractor Consortium	Owner Consortium	540,000 TPY Polyethylene Plant	Rio de Janeiro, Brazil	N/A	Counsel to the consortium acting as the EPC contractor for the design, construction and start-up of an \$800 million chemical complex located in Rio de Janeiro, Brazil.
4. EPC Contractor	Owner	Chlor-Alkali, Bleach and Chloropicrin Plant	Hamlet, North Carolina	AAA Arbitration	Defend EPC Contractor against claims for breach of contract and breach of warranty. Matter is currently scheduled for arbitration.
5. Process Line Supplier, U.S. Subsidiary of Italian Parent	Private Owner	Refrigerator Manufacturing Facility	Iowa	State and Federal Courts	Prosecute claim for unpaid balance on three purchase orders and defend against multimillion dollar claims for warranty items and consequential damages. Successful conclusion with client receiving balance of contract payments.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
6. Turnkey Contractor	Subcontractor	Coal Mining Facility	Washington, Pennsylvania	Court of Common Pleas of Washington County, Pennsylvania	Successfully defended and settled claim against client for extra work and damages for defective design.
7. Construction Contractor	Turnkey Design/Build Contractor	Nitric Acid Plant	Yazoo City, Mississippi	AAA Arbitration, Mississippi	Successfully prosecuted and settled impact and disruption claim.
8. Turnkey Contractor	Owner	Coal Preparation Plant	Belmont County, Ohio	AAA Arbitration	Successfully prosecuted contractor's claim resulting in an award of \$640,000 and defended against Owner's multi-million dollar counterclaim for defective work.
9. Mechanical Contractor	Private Owner	Industrial Facility	Ohio	N/A	After client was terminated, we became involved in dispute. Retrieved documents from confiscated trailer and negotiated successful settlement all in one day. Client recovered all costs and partial profit with payment of \$500,000.
10. Mechanical Contractor	Material Manufacturers and Suppliers, Italian Manufacturer	Cigarette Manufacturing Facility	Virginia	Court of Common Pleas of Allegheny County, Pennsylvania; Superior Court of Pennsylvania	Client purchased out of spec welding rods which resulted in contamination for 316L stainless steel piping system. After successful appeal to the Superior Court, case proceeded to jury trial. Before completion of case-in-chief, the case settled with payment of all compensatory damages in return for dismissal of punitive damage claims.

COGENERATION / POWER GENERATION FACILITIES

1. Project Owner	Equipment Vendor	Approximately 20 cogeneration facilities	Throughout the U.S.	Superior Court, San Jose, California	Prosecute owner's claims against turbine supplier for supplying defective turbines. Claims involved breach of contract and fraud and were in excess of \$1 billion. Case settled under confidential terms.
2. Project Owner	Developer	Cogeneration Facility	Connecticut	AAA Arbitration, New York, New York	Defend owner against claims by developer over payments alleged due under Development Agreement.
3. Project Owner and Operator	Lenders	Cogeneration Facilities	Throughout the U.S.	N/A	Represent owner and O&M contractor in negotiation of various agreements with several lenders.
4. General Contractor	Owner and Engineer	Cogeneration Facility	Illinois	United States District Court for the Central District of Illinois	Prosecute case with minimum cost resulting in payment to client of \$1.3 million on a \$2 million claim.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
5. General Construction Contractor	Private Owner	Cogeneration Facility	Big Springs, Texas	N/A	Negotiated fast track project with contract value in excess of \$100 million. All disputes settled with client receiving full contract payment including negotiated final payment of \$2 million.
6. General Contractor	Private Owner and Subcontractor	Cogeneration Facility	Houston, Texas	United States District Court for the Southern District of Texas United States Court of Appeals, Fifth Circuit	Represented the GC in contract closeout and settlement on this 500-megawatt cogeneration facility. Client received \$1.8 million on claim of \$5 million plus all contract monies resulting in substantial profit. Defended client against sub's claim of \$3 million for unpaid change orders where we acted as lead counsel in two-phase bench trial. After one month trial, we achieved complete victory in Phase I regarding contract interpretation issues as detailed in 40 plus page opinion. Phase II concluded with another complete win after another one-month trial. Judge dismissed all Plaintiff's claims upon directed verdict motion and awarded client compensatory damages on its counterclaims of \$1 million plus punitive damages of \$3 million. With pre- and post-judgment interest, the total award for the client was in excess of \$6 million. On appeal, the contract issues were affirmed with client receiving payment of \$1,550,000 in satisfaction of the judgment. The fraud aspect was remanded for further proceedings consistent with the court's opinion reported at <i>Triad Elec. & Controls v. Powers Sys. Eng.</i> , 177 F.3d 180 (5 th Cir. 1997).
7. Mechanical Contractor	General Contractor	Cogeneration Facility	Pennsylvania	United States District Court for the Western District of Pennsylvania	Prosecute client's claim of \$4.3 million plus perfected lien. Settlement in client's favor.
8. Subcontractor	EPC Contractor, U.S. subsidiary of English parent	Cogeneration Facility	Paris, Texas	AAA Arbitration, Houston, Texas Texas State Court	Claims of approximately \$6 million. Received arbitration awards and settlement of about \$5.3 million. All claims resolved and payment made within 18 months. Successfully prosecuted injunction in Texas State Court requiring adversary to post bond for amount of client's claims based on argument that US subsidiary would transfer assets to UK parent rendering subsidiary judgment proof.
9. Subcontractor U.S. subsidiary of Swedish parent	Sub-tier sub and its surety	Cogeneration Facility	California	United States District Court for the District of Kansas	Client terminated sub for non-performance and brought suit against sub and its surety. Case settled with payment of \$1.2 million to client.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
10. EPC Contractor	Owner	Cogeneration Facility	Syracuse, New York	N/A	Negotiated EPC Contract with value of \$70 million and related agreements. Assisted in negotiating project close out with substantial payment to client.
11. Subcontractor	General Contractor/Engineer	250 Megawatt Facility	Ogdensburg, New York	AAA Arbitration, Seattle, Washington	Represent subcontractor on multimillion-dollar claim for acceleration efforts caused by late and deficient engineering. After the exchange of expert reports, the client accepted a settlement offer of approximately \$3.5 million.
12. Construction Contractor	EPC Contractor	Cogeneration Facility	Cottage Grove, Minnesota	United States District Court for the District of Minnesota	Prosecute lien action and breach of contract action for claim in excess of \$6,000,000 for payment due resulting from termination for convenience, and defend client and its surety against a \$2,000,000 counterclaim. At conclusion of discovery, we filed a motion to amend our complaint to add a fraud claim. This resulted in the settlement of all claims to the satisfaction of our client.
13. Owner, U.S. Subsidiary of French and Japanese Companies	Turnkey Contractor, Joint Venture of Canadian Companies	Cogeneration Facility	Canada	Ontario Court (General Division)	Represent Owner in dispute with Turnkey Contractor that brought suit for damages in excess of \$70 million and pursue counterclaim of Owner for damages of approximately \$35 million. Settled for client's satisfaction.
14. Project Owner	N/A	500 Megawatt Combined Cycle Cogeneration Facility	Illinois	N/A	Negotiate and draft all major engineering, procurement and construction contracts.
15. General Contractor	EPC Contractor	Combustion Turbine Peaking Plant	Elwood, Illinois	N/A	Represent construction contractor on a termination for convenience claim. Settled to client's satisfaction.
16. Project Owner	EPC Contractor and Ocean Marine Cargo Insurer	800 Megawatt Combined Cycle Cogeneration Facility	Missouri	United States District Court for the Western District of Missouri United States Court of Appeals, Eighth Circuit	Defend owner against \$37 million force majeure claim arising out of typhoon-caused damage to HRSG modules while en route from Japan to the project. Negotiated settlement between owner and contractor that included joint prosecution of claims against ocean marine cargo insurer for delay in start-up coverage. Successful before trial court and affirmed on appeal at <i>Assicurazioni Generali S.P.A. v. Black & Veatch</i> , 362 F.3d 1108 (8 th Cir. 2004).
17. Project Owner	EPC Contractor	Two 250 Megawatt Facilities	Maine, Rhode Island	State, Federal and Bankruptcy Courts	Represent owner in resolving multiple disputes arising from bankruptcy of EPC contractor before projects completed, including disputes relating to lawsuits, liens, bonds, etc.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
18. Project Owner	N/A	750 Megawatt Coal Fired Power Facility	Council Bluffs, Iowa	N/A	Provide advice to owner on bid packages, drafting bid documents, joint owners agreement, and negotiation of EPC contract in the amount of one billion dollars.
19. EPC Contractor	Piping Subcontractor	687 Megawatt Peaking Power Facility	Wauchula, Florida	N/A	Provide advice to EPC contractor for claims concerning termination for piping subcontractor.
20. Lender	N/A	390 Megawatt Combined Cycle Power Facility and LNG Storage Facility	Santo Domingo, Dominican Republic	N/A	Provide advice and due diligence investigation for lender in connection with the design, construction and operation of a combined cycle power facility.
21. Project Owner	EPC Contractor	248 Megawatt Combined Cycle Power Facility	Goldendale, Washington	N/A	Provide advice to owner concerning termination of EPC contractor, mechanic's liens and bankruptcy of EPC contractor and guarantor.
22. Project Owner	General Contractor and Subcontractors	544 Megawatt Gas Fired Combined Cycle Facility	Ontelaunee Township, Pennsylvania	Court of Common Pleas of Berks County, Pennsylvania	Act as project counsel providing advice regarding project development, including permitting, land issues, environmental issues, regulatory issues, tax, contracts and procurement. Defend against contractor claims for extra work, delays, acceleration and inefficiencies.
23. Project Owner	Equipment Supplier	SCR Unit	Cheswick, Pennsylvania	N/A	Negotiated contract for renovations to existing equipment including a SCR unit.
24. Project Owner	N/A	540 Megawatt Facility	Des Moines, Iowa	N/A	Draft EPC contract and contracts for the steam turbine, combustion gas turbines and HRSG for combined cycle facility.
25. Project Owner	N/A	70 Megawatt Pressurized Circulating Fluidized Bed Repowering Project with Total Value of \$200,000,000	Des Moines, Iowa	N/A	Draft turnkey (engineering, procurement, construction and start-up) contract on behalf of owner for project along with related documents for compliance with U.S. Clean Coal Technology Program, including cooperative and repayment agreements.
26. Construction Contractor	Subcontractor	50 Megawatt Cogeneration Facility: 1 GE Frame 6 GTG; 1 HRSG	Corpus Christi, Texas	N/A	Negotiate construction subcontract agreement with a value of \$4,900,000. Provide general advice regarding project issues.
27. Construction Contractor	N/A	Simple Cycle Cogeneration Facility: 1 S&S/GE LM 500 GTG; 1 HRSG	Maricopa, California	N/A	Negotiate prime construction contract with owner with a value of \$6,000,000.
28. Construction Contractor	N/A	50 Megawatt Simple Cycle Cogeneration Facility: 1 S&S/GE LM 500 GTG; 1 HRSG	Lathrop, California	N/A	Negotiate prime construction contract with owner with a value of \$6,600,000.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
29. Construction Contractor	N/A	Cogeneration Facility: 2 S&S/GE LM 5000 GTGs; 2 HRSG	Bakersfield, California	N/A	Negotiate prime construction contract with owner with a value of \$6,100,000.
30. Construction Contractor	N/A	Cogeneration Facility: 2 S&S/GE LM 5000 GTGs; 2 HRSG	Bakersfield, California	N/A	Negotiate prime construction contract with owner with a value of \$6,000,000.
31. Construction Contractor	Owner	Natural Dam Cogeneration project; 56 Megawatt Cogeneration Facility: 1 GE Frame 6 GTG; 1 Condensing Steam turbine; 1 HRSG	Gouverneur, New York	N/A	Negotiate turnkey (engineering, procurement, construction and start-up) contract with a value of \$46,000,000. Also review all project agreements including power purchase agreement, steam sales agreement, collateral assignment agreement and lease. Review and advice regarding purchase orders for capital equipment.
32. Construction Contractor	Owner	29.5 Megawatt Cogeneration Facility: 1 S&S/GE LM 2500 GTG; 1 HRSG; 1 STG	East Georgia, Vermont	N/A	Negotiate turnkey (engineering, procurement, construction and start-up) contract with a value of \$35,000,000. Review all project related documents. Project ultimately abandoned due to permit obstacles.
33. Construction Contractor	Subcontractor	52 Megawatt Cogeneration Facility: 1 S&S/GE LM 5000 GTG; 1 Condensing Steam Turbine	Canton, New York	N/A	Advise client in negotiating a construction subcontract with a value of \$5,800,000. Advise regarding project closeout.
34. Construction Contractor	Owner	City of Holland Combustion Turbine Project: 100 Megawatt Peaking Facility	Holland, Michigan	N/A	Advise regarding prime contract for construction of the facility with a value of \$3,750,000.
35. Construction Contractor	Owner	48 Megawatt Cogeneration Facility	Salinas, California	N/A	Negotiate turnkey construction contract with a value of \$15,000,000 for client to replace prior defaulted contractor. Draft and revise all project agreements. Project ultimately discontinued.
36. Construction Contractor	Owner	Cogeneration Facility	Nevada	N/A	Negotiate turnkey (engineering, procurement, construction and start-up) contract with owner. Project to be located on Moapa Indian Reservation but ultimately not implemented.
37. General Contractor	Owner	Cogeneration Facility	Florida	N/A	Represent general contractor in successfully obtaining early completion incentive bonus payment.
38. Project Owner	Engineer	Cogeneration Facility	South Carolina	N/A	Represent owner in connection with \$12 million claim against engineer for defective design. Settled to client's satisfaction.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
39. EPC Contractor	Piping Subcontractor	687 Megawatt Peaking Power Facility	Wauchula, Florida	AAA Arbitration	Successfully defended and settled claim against client for extra work and delay damages.
40. Project Owner	General Contractor	Power Production Facilities	Pennsylvania and Ohio	N/A	Negotiate and draft prime construction contract for renovation to multiple power production facilities.
41. Project Owner	General Contractor	Power Production Facility	Massachusetts	N/A	Negotiate and draft EPC Contract for design, construction and installation of SCR system.
42. International Equipment Subcontractor, U.S. Subsidiary of South Korean Parent	General Contractor	750 MW, Super-Critical, Coal-Fired Power Generation Facility	Kentucky	AAA Arbitration	Represent Equipment Subcontractor in connection with claims against and by General Contractor arising out of the supply of a super-critical steam generator unit.
43. EPC Contractor	Owner	Super Critical, Coal-Fired Power Generation Facility	West Virginia	N/A	Counsel to EPC Contractor in connection with construction of super critical coal-fired power generation facility

STEEL MILLS

1. EPC Contractor, U.S. Subsidiary of English Parent	Owner, subs and suppliers	Steel Mill (Slab Reheat Furnace)	Ohio	Ohio State Court	Multi-party dispute concerning furnace refractory failures. Assisted in mediation resulting in \$2 million plus payment to client.
2. Subcontractor	EPC Contractor, U.S. Subsidiary of German Parent	Steel Mill	Ohio	Settled	Counseled client to formulate settlement with adversary resulting in \$1 million project turnaround for client.
3. EPC Contractor, U.S. Subsidiary of English Parent	Owner, Design Sub (French Company)	Steel Mill (Continuous Annealing Line)	Ohio	AAA (International) and United States District Court for the Western District of Pennsylvania	\$200,000,000 project involving multi-party disputes including sureties, bonds, letters of credit, design problems, errors and omissions insurance (project, fronting, foreign and DIC policies), joint ventures, foreign subs, arbitrations, liens, litigation and other related matters. Obtained arbitration award in excess of \$6 million. Proceedings involved a federal suit brought under Chapter 2 of the Federal Arbitration Act to enforce and collect the full award.
4. Vendor	Broker, Korean	Sale of Steel Coils	Pennsylvania	International Chamber of Commerce, Court of Arbitration	Client brought claim against Korean broker for approximately \$140,000 concerning sale/distribution of steel coils for re-sale in Korea. Broker asserted counterclaim for \$170,000. After hearings before ICC appointed arbitrator, client obtained award for \$140,000 and broker received nothing on its counterclaim.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
5. Turnkey Supplier and Process Licensor	Multinational Trading Company and Turnkey Contractor, Korean	Multiple Projects Worldwide for Steel Facilities	Multiple Countries	N/A	Pursue claims under technology collaboration agreement for worldwide sales of steel making process. Multimillion-dollar settlement and non-compete agreement.
6. EPC Contractor, U.S. Subsidiary of Norwegian Parent	Private Indian Owner	Sponge Iron Plant	Maharashtra, India	International Chamber of Commerce, Court of Arbitration, Zurich, Switzerland	Pursue recovery of \$18 million in retainage and defend against owner's claims of lost profits and other consequential damages in excess of \$100,000,000. Issues involved Indian law, courts and procedures as well as ICC Rules. Case settled to client's satisfaction with substantial payment.
7. Mill Owner	Subcontractor	Steel Mill (Thin Slab Continuous Caster)	Ohio	Ohio State Court, AAA Arbitration	Defense of owner against \$4 million in extra work and acceleration claims asserted by piping subcontractor. Case settled on terms favorable to client with <i>de minimis</i> payment.
8. Mill Owner	General Contractor	Steel Mill (Pickle Line)	Ohio	Ohio State Court	Defend owner against design/build contractor for contract balance arising out of faulty design and construction of turbulent flow pickle line. Case settled on terms favorable to client with no payment to plaintiff.
9. Owner	Processor	Annealing & Pickling Line	Baltimore, Maryland	United States District Court for the District of Maryland	Represent purchaser of services under Tolling Agreement regarding processing of steel coils. Following limited discovery, we filed a motion to amend to assert a fraud claim. This led to mediation where all claims were resolved to the client's satisfaction.
10. Turnkey Contractor	Private Owner	Coke Oven Rebuild	Indiana	Court of Common Pleas of Northampton County, Pennsylvania	Negotiated release of \$15 million Letter of Credit and defense against claims of defective work of nearly \$100,000,000 as well as multiple insurance coverage issues (errors and omissions, comprehensive general liability and All Risks policies). Case settled with Turnkey Contractor paying nothing and receiving \$2,000,000 from its professional liability carrier.
11. Turnkey Contractor	Owner	Slab Reheat Furnace	Pittsburgh, Pennsylvania	AAA Arbitration, Court of Common Pleas of Beaver County, Superior Court of Pennsylvania	Prosecute lien action and arbitration proceeding for recovery of contract balance of \$1,400,000 being withheld due to a dispute concerning performance guarantee test, and defend against counterclaim of \$5,000,000+. Obtained award of full amount of claim with only \$300,000 offset for counterclaim. Net Award of \$1,100,000 paid via wire transfer within 30 days of issuance of award.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
12. EPC Contractor	Owner and Multiple Vendors and Subcontractors	Mini-Hot Strip Mill and Cold Rolling Mill	London	UNCITRAL Arbitrations	Defend and prosecute claims arising out of \$300,000,000 project for the design and construction of a Mini Hot Strip Mill and Cold Rolling Mill in Thailand.
13. EPC Contractor	Construction Contractor	Cold and Hot Mill Upgrade	Ravenswood, West Virginia	N/A	Represented EPC Contractor in a dispute with construction subcontractor over charges, extra work and delays.
14. EPC Contractor	Owner	Blast Furnace Reliner	Michigan	N/A	Represented EPC Contractor in dispute with Owner due to massive changes to design drawings and corresponding impacts. Settled to client's satisfaction.
15. Owner and Construction Manager	Building Supply Subcontractor	\$500 Million Turnkey Mini-mill	Alabama	United States District Court for the Western District of Pennsylvania	Prosecuted claims against steel mill building supply subcontractor who abandoned the project. Claims included cost of cover for replacement buildings and delay/disruption of the project. Damages in excess of \$20 million. Settled to client's satisfaction with multiple insurance issues concerning duty to defend and indemnification.
16. Equipment Supplier, Start-up, Commissioning Contractor and Technology Licensor	EPC Contractor	Hot Strip Mini-Mill	Czech Republic	ICC Arbitration, Vienna, Austria	Represent contractor and prosecute claims for payment of retention and for extra work. Defend against counterclaims alleging defective work and seeking liquidated damages for performance shortfalls.

OIL AND GAS

1. EPC Contractor	National Oil Company	\$2.5 Billion Offshore Oil and Gas Field Development	Offshore South America	UNCITRAL Arbitration in New York City	Represented a multinational turnkey EPC contractor in a series of disputes with the national oil company of a South American country. The project was reported to be the world's largest offshore, lump sum oil and gas development under a single contract. The value of the claims in dispute exceeded \$1 billion. The disputed issues included engineering and construction changes and delays, claims of cardinal change, liquidated damages for delay, schedule analysis and claims of time and money entitlement, international letters of credit, value added tax (VAT), force majeure claims, and project finance issues in connection with a worldwide syndicate of commercial, international and local development banks. The disputes were all resolved through a series of settlements that provided for a significant increase in the lump sum amount of the contract and substantial time extensions.
-------------------	----------------------	--	------------------------	---------------------------------------	--

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
2. EPC Contractor	International Oil Company/National Oil Company	\$2 Billion Gas to Liquids Project	Nigeria	LCIA Arbitration under UNCITRAL Arbitration Rules in London, England	Represented multinational EPC Contractor in connection with disputes arising out of a lump-sum, turnkey contract for the engineering, procurement, fabrication, transportation and construction of a \$2 billion gas to liquids facility in Nigeria. The disputes involved claims against the project owners for delays and extra work with an aggregate value in excess of \$200 million. The claims were resolved amicably prior to the commencement of arbitration proceedings through a settlement that resulted in an increase in the lump sum amount of the contract and an extension of time.
3. International Oil Company	Supplier	Offshore Gas Platform	North Sea	Technology and Construction Court, London	Dispute in relation to allegedly defective design of a compression system on a gas platform.
4. Four of the major oil companies	Contractor	Trans U.K. oil pipeline	U.K.	Technology and Construction court	Represent the oil companies with respect to claims arising from defective pipes cause by induction bending.
5. EPC Contractor	All-Risk Insurers	LNG Regasification Terminal	Louisiana	38 th Judicial District Court of Cameron Parish / United States District Court for Western District of Louisiana / United States District Court for Southern District of Texas	Represent general contractor in insurance coverage and bad faith action arising out of damage caused by Hurricane Ike.

PAPER MILLS

1. Owner	Multinational EPC Contractor	\$200 Million Waste Paper Deinking Plant	Pennsylvania	AAA Arbitration in New York City and Court of Common Pleas of Northampton County, Pennsylvania	Represent owner of a \$200 million waste paper de-inking and recycling plant against defaulting EPC contractor (and parental guarantor) which abandoned the project. Claims pursued in arbitration and state court. After 30 days of hearings the EPC contractor agreed to pay \$41 million and relinquished its \$20 million contract balance.
2. Owner	Multinational EPC Contractor	\$150 Million Waste Paper Deinking Plant	Washington	AAA Arbitration in New York City and Court of Common Pleas of Northampton County, Pennsylvania	Represent owner of a \$150 million waste paper de-inking and recycling plant against defaulting EPC contractor (and parental guarantor) which abandoned the project. Claims pursued in arbitration and state court. Prior to arbitration hearings, the EPC contractor agreed to pay \$26 million.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
HOTELS, CONVENTION CENTERS AND STADIUMS					
1. City, GC, Sub	A/E, CM	Convention Center	Rochester, New York	United States District Court for the Western District of New York	Represented structural steel fab/erect sub against City and GC. After commencing suit, sub, GC and City entered into liquidating agreement against A/E and CM with payment of \$500,000 to sub by City as well as all contract monies. Case settled for \$725,000 paid by A/E and CM insurance carriers on claims of approximately \$3 million.
2. General Contractor	Subcontractor	Hotel Casino	New Jersey	New Jersey State Court	Client terminated concrete subcontractor that in turn brought suit against Owner, GC, CM and others. Filed counterclaim for breach of contract and fraud based on fraudulent design mix. Trial court held that our client had established <i>prima facie</i> case of fraud against testing company. Case settled with subcontractor dismissing its claims and paying our client over \$1 million on its counterclaims.
3. Sports & Exhibition Authority	Commonwealth Architects, Contractors and Suppliers	Convention Center Expansion	Pittsburgh, Pennsylvania	N/A	Represent Owner in various aspects of project, including funding, design, construction and claim resolution.
4. Joint Venture CM	Owner and Subcontractors	Football Stadium	Pittsburgh, Pennsylvania	N/A	Represent CM at risk in new stadium project.
5. General Contractor / Electrical Contractor	State of West Virginia	Sports Arena at Marshall University	West Virginia	West Virginia Board of Claims	Trial before West Virginia Board of Claims of clients delay and unforeseen site conditions claims resulting in the largest award to that time from the West Virginia Board of Claims. When the state refused to appropriate funds to pay the award, subsequent execution proceedings established the <i>res judicata</i> effect of an award of the Board of Claims and the procedures for execution on such awards. <i>See</i> , 359 S.E. 2d 124 (W.Va. 1987).
6. Owner	N/A	Urban Redevelopment	Pittsburgh	N/A	Represent private non-profit corporation in various development projects in the theater district of Pittsburgh, including development of theaters, parks and parking.
OFFICE BUILDINGS					
1. Developer	Owner	Multi-million dollar office building and infrastructure	Pittsburgh, Pennsylvania	N/A	Represent developer in negotiation of various agreements in connection with the development and construction of an office building complex.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
2. General Contractor	Owner and Subs	\$200,000,000 office complex	New York	Arbitration, White Plains, New York, State Court of New York, United States District Court for the Eastern District of New York	Represented client against subcontractors and owner. Successfully settled matter with owner and all disputes with subcontractors except two. The electrical sub commenced a \$6 million plus arbitration against our client. Arbitration lasted for over 50 days with electrical sub receiving nothing and our client receiving an award and immediate wire transfer of \$1.5 million plus other favorable consideration regarding warranties. Steel subcontractor claim tried in federal court resulting in no liability judgment. The case involved multiple issues including liquidating agreements, liens, releases and various contract matters under New York law.
3. General Contractor	Private Owner	Multi-million Dollar High-Rise Office Building	Florida	AAA Arbitration	Successful prosecution of AAA Arbitration to an award in excess of \$2 million on client's claim for retention, extra work and delay. Successful defense of owner's defective work and delay counterclaims.
4. General Contractor	Private Owner	Multi-million Dollar High-Rise Office Building	Florida	AAA Arbitration	Successful negotiated settlement of client's retention, extra work and delay claim and owner's delay and defective work counterclaims.
5. Bank	Real Estate Developer	Office, Residential and Commercial Projects	Pennsylvania, New Jersey, California, Florida	State Courts	Workout of \$300,000,000 in loans on portfolio of 12 different projects in different phases of development. Secured possession of real estate through foreclosure actions and deeds in lieu of foreclosure. Omnibus settlement involved contribution of personal assets of principals.
SHOPPING MALLS					
1. Owner	GC, A/E, Suppliers	Mall Renovation	Pennsylvania	Court of Common Pleas of Allegheny County	Prosecute 50,000 square foot defective floor tile case. After four days of trial, Defendants settled by paying full cost of floor replacement.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
CORRECTIONAL FACILITIES					
1. General Contractor	Public Owner, A/E and CM	Jail	Pennsylvania	United States District Court for the Western District of Pennsylvania	Pursue breach of contract, fraud, RICO conspiracy and §1983 claims dealing with political patronage system and public contracts. Case successfully mediated to settlement with payment of \$5,850,000 to our client.
2. General Contractor	Electrical Prime Contractor	Jail	Pennsylvania	Court of Common Pleas of Allegheny County, Pennsylvania	Defended client against claims asserted by co-prime contractor and prosecute counterclaim against co-prime contractor arising out of construction of a one million square foot jail complex. Settled with minimal payment.
3. General Contract	Former Joint Venture Partner	Jail	Pennsylvania	AAA Arbitration in Pittsburgh, Pennsylvania	Represent respondent, the terminating co-venturer of a joint venture, in the defense of a wrongful termination claim. Claimant sought damages in excess of \$8,000,000, including damages for breach of contract, lost profits, various federal and state tax liabilities and consequential damages. Respondent asserted a counterclaim of approximately \$500,000. The arbitration panel included a former appellate court judge, a lawyer and an engineer. The hearings lasted approximately 20 days. By award dated May 25, 1999, claimant received \$128,000 on its claims and respondent received \$228,000 on its counterclaim, resulting in a net award in respondent's favor of \$100,000. Thus, claimant received a take nothing net award on its multi-million dollar claim.
AIRPORTS					
1. General Contractor	County of Allegheny	Airport	Pennsylvania	Court of Common Pleas of Allegheny County	Settlement with owner of general contractor's multi-million dollar claims for delays and extra work arising out of new airport construction. Subsequent settlements with impacted subcontractors.
2. Subcontractor and Surety	GC and Subcontractor	Airport Sign Project	Palm Beach, Florida	Florida State Court	Successfully defended and settled breach of contract claims asserted against client.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
MARINE STRUCTURES / MARITIME					
1. General Contractor	Subcontractor	Continuous Barge Unloader	Ohio	United States District Court for the Western District of Pennsylvania	Client brought claim against subcontractor for delays, faulty work and abandonment of the project. Subcontractor filed counterclaim for contract balance and extra work. After a trial on the merits, the court awarded client all of its claimed damages and awarded nothing on subcontractor's counterclaim.
2. Owner	EPC Contractor	Design and Construction of a Barge Unloader and Barge Haul System	Belle Chasse, Louisiana	United States District Court for the Western District of Pennsylvania	Represent Owner in dispute with EPC Contractor over design and construction of a barge unloader and barge haul system.
3. Owner	EPC Contractor	Design and Erection of Goaliath Gantry and Level Luffing Cranes	Pennsylvania	Arbitration Administered by the International Centre for Dispute Resolution	Defend Owner in an international arbitration against claims in excess of \$11,000,000 brought by designer and supplier of shipbuilding cranes. Just prior to the start of the hearings, the case settled for approximately 10% of the amount claimed and with the Owner retaining 50% of the contract's balance.
4. EPC Contractor	Subcontractor	Conversion of two VCLLs into FPSOs as part of a \$2.5 billion offshore oil field development project	Singapore South America	UNCITRAL Arbitration in New York Singapore courts	Represented multinational EPC Contractor in disputes with two shipyard subcontractors, one located in South America and one in Singapore. Each subcontractor asserted claims for delays, disruptions and cardinal change, each seeking approximately \$100 million. Disputes with the Singapore subcontractor also raised a risk that subcontractor could have asserted a possessory lien over the vessel, which could have adversely impacted the main project schedule. The disputes with both subcontractors were ultimately settled at a fraction of the initial claim amounts and without possessory liens being asserted.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
5. EPC Contractor	International Owner/Operator of Oil Tankers	\$2.5 Billion Offshore Oil and Gas Field Development	Offshore South America	<i>Ad Hoc</i> Arbitration	Represented a multinational turnkey EPC Contractor in its disputes with the seller of two very large crude carriers (óVLCCsô). The VLCCs were to be converted to FPSOs as a part of a turnkey EPC contract for an offshore, oil and gas development project.

HOSPITALS

1. Construction Manager	Electrical Contractor	Hospital	Pennsylvania	Court of Common Pleas of Allegheny County / Commonwealth Court of Pennsylvania	Successful defense of construction manager and hospital from injunction claim that private hospital project finances through combination of municipal bonds and private funds was required to comply with Pennsylvania public bidding requirements. <i>See</i> , 74 Cmwlt. Ct. 56 (1983).
2. Mechanical Contractor	State of Ohio	University Hospital	Columbus, Ohio	Ohio Board of Claims	Settlement of claim of clients and its subs in the amount of \$1,800,000 for \$650,000 and successful settlement between client and its subs.
3. General Contractor	VA	Hospital	Pennsylvania	Federal Board of Claims	Claim for delays in the amount of \$4,000,000. Settled for payment of \$2,000,000.
4. HOUSING					
1. General Contractor	City Housing Authority	Modernization of Housing Project	Pennsylvania	Court of Common Pleas of Allegheny County, Pennsylvania	Jury trial, wherein jury awarded general contractor damages in the amount of its prayer for relief (in excess of \$1 million, including interest) on a termination claim and denied recovery on owner's claim of default. Subsequent execution proceedings established precedent for execution against the property of Pennsylvania municipal authorities. <i>See</i> , 143 PLJ 248 (Allegheny County, 1995).
2. Engineer Lead in Design/Build Delivery System	Owners, Contractors and Suppliers	Retirement Home Facilities	Nationwide	N/A	Represent engineer in developing new project delivery concept with engineer in the design/build lead.
3. General Contractor	City Housing Authority	Modernization of Housing Project	Pennsylvania	Court of Common Pleas of Allegheny County, Pennsylvania	Pursued claims for delay and subsequent acceleration arising out of \$10,000,000 renovation project. Case settled to client's satisfaction after case was submitted to private arbitration.
4. Subcontractor	General Contractor	Renovation of Public Housing Project	Pennsylvania	Court of Common Pleas of Allegheny County, Pennsylvania	Appealed a HUD debarment and suspension that was imposed due to false statements made by the Defendants. Plaintiffs recovered damages resulting from the costs of defending the administrative charges, reputation damages and lost business in the total amount of \$750,000.00.
MISCELLANEOUS BUILDINGS					
1. Owner	General Contractor and Architect	Design and Construction of Warehouse	Arizona	AAA Arbitration, Tucson, Arizona	Client brought claim against Architect and GC for defective design and construction of medical facility warehouse. GC counterclaimed for contract balance. Arbitrator awarded client approximately \$350,000 and denied relief on the counterclaim.
2. Turnkey Contractor	Subcontractor	Restaurant Facility	Pittsburgh, Pennsylvania	AAA Arbitration in Pittsburgh, Pennsylvania	Represent client against subcontractor for abandonment of work. Obtained award for client with no offset for subcontractor's counterclaim.
3. General Contractor	U.S. Department of Housing and Urban Development	Led-based paint Abatement Project	Pittsburgh, Pennsylvania	HUD Board of Contract Appeals	Successful defense of contractor in proposed HUD debarment based upon alleged failure to implement HUD lead-based paint abatement guidelines.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
4. Demolition Contractor	U.S. Department of Housing and Urban Development	Demolition of a Public Housing Project	Duquesne, Pennsylvania	HUD Administrative Law Judge	HUD suspended client and sought a 5-year debarment from participation in federally funded projects based on an alleged failure to perform lead ñ based paint abatement. After an administrative hearing, the HUD Administrative Law Judge terminated the suspensions and denied the proposed 5-year debarment. Subsequently, the Court of Appeals for the District of Columbia also voided <i>ab initio</i> the suspension of the demolition contractor.
5. Subcontractor	GC and Surety	Maintenance and Repair of U.S. Army Reserve Centers	Mid-Atlantic States	United States District Court for the Western District of Pennsylvania	Pursue claims for non-payment against surety under Miller Act.

HIGHWAY

1. Public Owner	Contractor	Highway/Immersed Tube Tunnel Construction	Massachusetts	Armed Services Board of Contract Appeals Mediation	Substantial leaks developed in Immersed Tube Tunnels constructed by Contractor delaying and disrupting a multi-billion dollar infrastructure mega project. Retained experts, conducted a forensic investigation and determined that the leaks were caused by defective work of the contractor. The contractor agreed to pay all costs of leak repairs, accept responsibility for certain delays, pay liquidated damages and pay costs incurred by the Public Owner in the leak investigation. Also negotiated a global contract modification with the contractor resolving over \$100 million of claims on the immersed tube tunnel project. Negotiated global modifications with the contractor on 11 other contracts.
2. Public Owner	Contractor	Highway/Cut and Cover Tunnel Construction	Massachusetts	Disputes Review Board	Defense of claims involving the construction of a cut and cover tunnel as part of a multi-billion dollar infrastructure project. The dispute concerned a \$30 million claim by the contractor related to a deep excavation in a highly sensitive area. After hearings before a blue ribbon panel, a total defense decision was rendered.
3. Public Owner	Various Contractors	Highway/Cut and Cover Construction	Massachusetts	N/A	Assist owner in the close out and global settlement of various claims and changes in connection with a multi-billion dollar infrastructure project.

Client	Adversary	Project	Location	Forum	Nature of Engagement (Note: Monetary Amounts are Approximate)
4.
